

CNC Custom Machined Parts

Building on 60 years of experience providing high-end peace of mind in the Aerospace, Military, Medical, and Industrial industries, ensuring:

- trusted quality
- full traceability
- advanced technology
- on-time delivery
- expert assistance

Capabilities:

- Fluorescent Penetrant Inspection
- Tolerances as small as .0001"
- Passivation (per ASTM A967)
- Presses 15 to 500 Tons
- Digital Inspection
- Powder-Coating
- Thread-Rolling
- Bead Blasting
- Heat Treating
- Spot Welding
- Prototyping
- Annealing
- Grinding
- Coating
- Plating
- Drilling

Certifications:

- AS9100D
- ISO 9001:2015
- Mil-Spec

Intertek

Equipment:

- HAAS VF-2 CNC Vertical Machining Centers
- STAR CNC Swiss-Type Automatic Lathes
- Citizen CNC Swiss-Type Automatic Lathes
- Cincinnati Milacron Horizontal Mills
- Lagun FU-152 Horizontal Mill
- HAAS CNC Tool Room Mills
- HAAS CNC Turning Centers
- CNC Turning Centers
- CNC Milling Centers
